

3.4.1 Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the last five years

The Institution is diligently involved in organizing Extension activities to sensitize the students to social issues for their holistic development. The National Service Scheme, National Cadet Corps and Rotary Club established at the Institution organizes these activities. Over and above the Institution has specific Memorandum of Understanding with Baba Atomic Research Centre through which extension activities are carried out. These activities are carried out in the neighborhood community and involve public including children from neighboring villages.

The details of these activities are grouped under different categories as illustrated in the following table.

Outcome of Extension Activities:

The Institution has organized 7 major Blood Donation Camps in last five years. The following table shows the unit of blood units collected year wise. About 1767 units of blood is donated by the Staff and Students to the society. The National Service Scheme units and the National Cadet Corps units of the Institution actively involve the students of the Institution in these drives and give them exposure of organizing and coordinating these events along with establishing connection with the neighborhood community. The Institution maintains data bank of members having special blood groups to meet emergency requirements.
